

Hi Svetlana, how are you? I just received photos from our photoshoot! Choosing photos from the gallery of proofs was so hard because they were all wonderful. Thank you! You have such a great eye for every details and composition. I really appreciate how you all set up with props by the time, and whole team of the photographer, make up and hair artists were ready to bring your awesome idea into life. Plus you kept me comfortable throughout the entire session. I would recommend you in a heart beat to anyone looking for a fantastic and professional stylist for photoshoot. Cheers xxx
